COFFEE

Coffee is one of the most highly traded commodities. The largest producers are Brazil, Vietnam and Colombia, with around 125 million farmers depend on coffee for an income -

so we need to make sure they are paid a fair price. Most coffee is sun-grown which provides higher yields, but often causes great deforestation, soil erosion and reduced biodiversity.

The Colombian Coffee Company

<https://www.thecolombiancoffeeco.org/>

Ethically-sourced, beyond Fairtrade, hand-roasted, specialty coffee, committed to supporting growing communities in Colombia. 4 varieties of coffee available, including a decaf.

Order type: Pre-order by 31st July. On-site orders, subject to availability.

Delivery: All pre-ordered coffee brought by us and distributed on or before Weds.
Back-up stock ordered daily before 4pm.

Technical: We can dial in your espresso machine with our coffee and provide other training on-site on Wednesday evening and Thursday morning.
1 hour slots can be booked, details TBC. Price fixed £20.

Contact: alejandro@thecolombiancoffeeco.org.

On site contact for next-day deliveries and technical support:

George Hood - george@thecolombiancoffeeco.org / 07759407399

Additional: We will bring 50kg of additional roasted coffee for people to order on-site.
This will be divided as follows:
10kg each 4 different varieties (3 x washed/1x natural),
5kg decaf, 5kg panela (unrefined cane sugar).

If you are interested, please contact Alejandro and he will send out a price list with information about the different coffees.
